

STREAM

Premium Filtration Technology

Customize your Just Pure Water dispenser with your choice of built-in filtration technology for the best quality fresh drinking water. Options include carbon filtration, reverse osmosis, alkaline & remineralized water, and UV disinfection.

About the Stream:

The Stream is a state of the art under the counter water filtration system. It has a 8.7 litre built in pressure tank and comes with a designer, lead free faucet.

Upgrade to an additional external holding tank (15 litres), for larger offices and households.

- Removes undesirable taste & odour
- Removes up to 99.99% of all impurities
- Easy connection to your existing water source
- Removes unwanted chemicals such as chlorine, lead, & mercury
- Eligible for Just Pure Water Lifetime Warranty ©
- Eligible for Just Pure Water No Charge Unit Replacement ©
